7. Bachelor of Physical Education and Sports
8. M.A. (Travel & Tourism Management)
9. M.A. Psychology with Specialization in Clinical Psychology
10. B.Sc. (Hons.) Biological Sciences
11. Diploma Hindustani (Bhartiye) Music
12. PG Diploma in Yoga and Ayurveda
13. Certificate course in Bhartiye Vayayam Padhatti evam Khel

Outcomes of the above mentioned courses are different than the courses offered by other University in such a way that we provide special training of advance yoga for all the students. We have provided detail practical aspects of Yoga in various courses such as yoga (BSc, MSc, BA, MA and PG Diploma in Yoga). We also provide training of Yagya, Havan and other traditional values all the students. In biological sciences we are providing industrial training in the final semester as well as this course is based on CBCS system which is different than the normal B.Sc. (Chemistry, Botany and Zoology) course. In this course, we cover Microbiology, Cell biology, Biochemistry, Neurobiology, Drug discovery etc. as these are the major subject's requirement for the industrial jobs. Similarly, in psychology we are providing special concept of clinical psychology which is good for job prospects.

Therefore, all the above courses are value added courses and can be consider as job oriented.
