

Enclosure 3.3.2.1a

Report of the event

- The University of Patanjali recruits dynamic & vibrant young faculty along with renowned distinguished experts at senior level to mentor and channelize the young students. The faculty members are up-gradated on domain-specific knowledge through organization of Conferences, Seminars, and Lecture Series. Faculty members are granted leave and are provided financial support to attend Orientation and Refresher Courses in India. Scholarships and appreciable fee concession are provided to faculties, employees & JRFs/SRFs/Research Associates to pursue PhD programs.
- To facilitate networking and establish collaborations for undertaking multi-disciplinary and interdisciplinary research, University of Patanjali regularly invites eminent experts and has accorded honorary degrees and positions. The University encourages external co-supervisors for Ph.D. scholars.
- University of Patanjali signed 8 MoUs and another 20 MoUs with its sister concern institutions
- Research has always been an area of paramount importance to University of Patanjali. Therefore, UoP has established Research and Publications cell which is responsible in promoting and facilitating leading-edge research, including collaborative and interdisciplinary research; building, and providing sufficient support for a community of innovative researchers to enhance research capacity at the university and to increase internal and external research opportunities for faculty, research fellows, and graduate students; developing networks between the research Centre and researchers in the field nationally and internationally.
- Access to academic and research resources is very crucial for looking for the advancement in one's own areas of interest elsewhere as reported in

journals, book chapters, new articles and pamphlets – all accessible at the click of mouse in University of Patanjali library.

The University of Patanjali has multiple channels towards realizing the novel ideas into prototypes and commercialized products. In the process of conceptualization, solution identification and realization, the university sees scope for Intellectual Property (IP) creation.
