### **VALUES**

The Values are taught through example at the organization. We live the values that we teach. Any substance such as tobacco, alcohol, or drugs is not consumed in the campus. Our teachers and students are free from any kind of addiction to the extent that fast food/junk food is not even allowed in the campus. Even with the freedom of thought and ideology, our students are free from chaos and obscenity.

We also teach that our impudence or freedom should not become an obstacle in another's freedom. Despite of this privilege, any kind of disturbance and countrified do not exist.
